2021-2022

**Subject Selection
Course Offerings**

Miami Sunset Senior High School offers a magnitude of classes geared towards the pursuit of Higher education and the advancement in technology. We offer a Medical Magnet program, Engineering Magnet program, Communications: Digital Media/Multimedia Design and Cybersecurity Magnet Program, as well as academies for students to participate in. During a student's ninth grade year, they begin with an entry level academy course which also covers transitional course content, helping a student transition into the high school setting. Students who complete four courses within their academy graduate as an academy completer. Additionally, we now offer AP Capstone, an innovative diploma program that develops student's critical skills needed to succeed in college and life.

Dual Enrollment:

Dual Enrollment is a program that allows high school students currently attending accredited Miami-Dade County public or private high schools or Home School Program to simultaneously enroll in a college course. The credits that students earn are used toward both high school graduation and are acceptable toward a College degree or Technical Certificate.

Dual Enrollment is available through a partnership between Miami Sunset Senior High School and Miami Dade College (MDC). Transportation is provided to MDC during the school day. Textbooks are provided to the students who participate in the Dual Enrollment program. To be eligible for Dual Enrollment a student must:

- Have a minimum of a 3.0 unweighted GPA
